

Wall Brackets

Base Support 60

24/04/2024 1/3

Description

Support in steel used for the ceiling installation of Rejiband[®] wire mesh tray with a height of 35 and 60 mm and widths of 60, 100 and 150 mm. Quick assembly thanks to the Click system of connection without the need of screws. Permissible working load up to 10 kg. Available in various Protection Systems.

Advantages

Fast mount system without the need for screws. Folding the fixing clips secures the tray.

For wall installation, use the side holes to secure with a M6 or M8 screw or bolt.

For ceiling installation, use M6 or M8 threaded rod connected through the centre of the bracket.

It allows the introduction of cables into the tray from the side.

Available in various protection systems: EZ, BC, GC or high resistance BK8, depending on the type of application.

Applications

Suitable for wall and ceiling mounting of the Rejiband® 35x60 and 60x60 mm wire mesh tray.
