Kit Suspension Cable tray

Description

Cable suspension kit for Pemsaband® sheet trays and other items such as luminaires, air conditioning, signalling, etc. This Spiderband® suspension kit consists of asteel cable + block and a Y shape suspension for the sheet tray. It is available in cable lengths of 1 and 3 metres and Y suspensions of 300 and 460 mm. With a maximum load of 35 and 90 kg. Made of steel and with EZ Protection System.

Advantages

Optimised design for quick and easy use. Installation savings in both material and labour.

Flexible system with various support options in structures, beams, large spans, etc.

Suitable for the support of cable trays or other items with loads between 35 and 90 kg according to the reference.

CE conformity to directive 2014/35 / EU.

PG protection system (standard EN-ISO 2081), silver colour, suitable for indoor installations. Corrosion resistance class 3.

Applications

Suitable for support by cable suspension of Pemsaband® sheet trays, as well as other items (luminaires, air conditioning, signage, etc.). Recommended for indoor
