Ladder Tray Accessories

End Cover (Ref: 71024060)

19/05/2024 1/3

Description

Metal cover used as end closure for the range of Pemsaband[®] One trays ensuring product tightness and a professional finish. Of 100 mm height, Width 600 mm, With PG protection system, PG3 finish. Quick connection assembly using the Click system without couplers. Made of steel in various sizes and Protection Systems.

Advantages

Safer professional finish.

Available in all sizes and protection systems: PG, GC and stainless steel AISI304 and AISI316.

Its unique design allows the closure of the various Pemsaband® One perforated trays.

Using this part in the end of the tray provides the closure of the assembly.

Applications

It is used as the closing end of the system of Pemsaband® One perforated and solid trays to improve the sealing and protection of the installation. Applicable in the management of cables in electrical and telecommunications installations in public buildings, infrastructures and civil works, industrial installations, tertiary sector.
