

Serrated Hexagon Flange Nut (Ref: 64060059

1/2

)

Description

M6 metal nut with serrated flange to be used together with a bolt for the fixing of accessories, brackets or joining straight sections of Pemsaband® trays. M 6, M 6, With INOX protection system, I316L finish. Suitable for Pemsaband® trays of 35, 60 and 85 mm in height.

Advantages

CE conformity to directive 2014/35 / EU.

Available in different protection systems: EZ, BK8, GC, and stainless steel AISI 316.

The serrated edge reinforces the tightening of the nut on the bolt.

Very versatile piece.

Applications

Suitable for the fixing together, along with the C/Din screw, of straight sections, accessories, bends, tees and supports for installations of Pemsaband® One perforated and solid, Pemsaband® PQU and Pemsaband® PQW metal trays in the management and distribution of cables for Petrochemical, Oil & Gas, Offshore, Civil works and Infrastructure installations as well as for tunnels and installation galleries.
