Cover Pemsaband Vulcan

Description

Steel cover accessory for straight sections of Pemsaband® Vulcan cable tray. Available in PG and AZ+ protection systems. Provides cable protection. It has accessories such as a cover fixing clip and a cover lifter to ensure the fixing and protection of the straight section.

Advantages

Simple snap-fit system for attaching the covers to the straight section. A cover fixing clip is also available to ensure proper and secure attachment of the cover against weather and vandalism.

Integrated aesthetics with the rest of the Pemsaband® Vulcan range for a professional installation finish.

The cover of Pemsaband Vulcan® includes longitudinal nerves that reinforce its structure

High corrosion resistance. Available in PG and AZ+ protection systems. Class 3 and Class 8 according to BS EN 61537

Regulatory compliance: designed and developed in accordance with edition 3 of IEC 61537, Directive 2014/35/EU (CE marking) and UKCA marking, ensuring safety and reliability in electrical installations.

Applications

This accessory is designed to protect straight sections of cable tray for the management, support, transport and distribution of cables in electrical and/or telecommunications installations. It is applicable to, among others, the following areas: -Buildings, including public buildings, shopping centres and Data Centres (DCs) . - Civil works and infrastructure, such as tunnels, car parks, airports and railways and underground/metro lines. - The service and industrial sectors, being suitable for applications in the manufacturing, chemical and food industries. The system is suitable for rapid installation indoors in controlled atmospheres, as well as in outdoor installations or humid environments, selecting the appropriate protection and finishing system in each case based on the environmental and service conditions.

Ⓢ Protection System

CU - Copper electroplated

PG - Pregalvanised

EZ - Electrogalvanised

BC - Electrogalvanised Bichromate

BK8 - High Resistance Coating

GC - Hot Dip Galvanising

INOX - Stainless Steel

PT - Polyester Paint

AL - Aluminum

LN - Brass or Nickel-plated brass

Ⓜ Insulating materials

PC+ABS - Halogen Free Polycarbonate + ABS
