Description

Rejiband® support in steel used for the wall installation of the Rejiband® wire mesh tray 60 mm high and 60, 100 and 150 mm wide. With GC protection system, ZNI finish. Can also be used for ceiling installation with rod. Quick assembly thanks to the Click system of connection without the need of screws. Available in various Protection Systems.

Advantages

Available in different protection systems: EZ and GC stainless steel AISI 316.

It allows the introduction of cables into the tray from the side.

Fixing by quick mount click system.

Can be used for ceiling installations with two rejiband trays using a bracket on each side of the tray.

Suitable for ceiling installation using an M8 threaded rod. It allows easy adjustment on the rod and only requires a nut for fixing.

Applications

Suitable for wall and ceiling mounting with threaded rod of Rejiband[®] wire mesh tray 60 mm wide and widths of 100 and 150. Suitable for electrical and telecommunication installations in public buildings, infrastructures and civil works, industrial installations, tertiary sector.
