Cantilever Arms 41

Cantilever Arm Pendand 41x82

Description

41x82mm horizontal support for wall fixing of cable trays, electrical conduits and other heating pipe installations, A/C, fire protection systems, etc. It has a reinforced structure that makes it capable of supporting very high loads. Made of steel with GC protection system.

Advantages

Available in widths from 500 to 1000 mm depending on the protection system. It has wide fixing options.

The total length of the support is: (cable tray width + 55mm), that is, it has an additional measure of length to favor the separation of the installation from the facing or surface.

This range of Cantilever arms 41 has a quick installation solution when using the Strut clip, part number 67030049, making it a quick and safe installation option for Rejiband® wire mesh trays.

Valores de carga conforme a norma internacional IEC 61537.

Available in GC Protection System

CE conformity in accordance to the low voltage directive 2014 /35 /UE.

Applications

Aplicación como soporte horizontal a pared, para la soportación de bandejas portacables, (rejiband®, pemsaband®, megaband®, entre otras), sino que es muy útil para el soporte de tubos eléctricos y otras instalaciones de tuberías de calefacción, A/A, sistemas contra incendios, etc.
