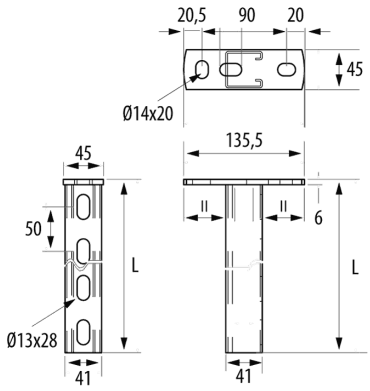
41x41 Cantilever Arm Pendant



Description

41x41mm vertical pendulum-type channel support for ceiling fixing of cable trays, electrical conduits and other heating pipe installations, A/C, fire protection systems, etc. Excellent loading capacity. Robust and secure system. Made of steel, available in various protection systems.

Advantages

Available in widths from 200 to 1000 mm depending on the protection system. It has wide fixing options.

The total length of the support is: (cable tray width + 55mm), that is, it has an additional measure of length to favor the separation of the installation from the facing or surface.

Protection index EN 60529: IP67.

Load values according to international standard IEC 61537.

Available in GC Protection Systems and INOX, Stainless steel AISI 304 and AISI 316L

CE conformity in accordance to the low voltage directive 2014 /35 /UE.

Applications

Application as a vertical ceiling support. For supporting Cable Trays (rejiband®, pemsaband®, megaband®, among others). Also suitable for supporting electrical conduits and other heating pipe installations, A/C, fire systems etc.
