Cable Tray Accessories

90° Bend Cover Click

Description

Metal cover for the 90° Click bend to protect the cables in the electrical wiring in installations of the Pemsaband® and Inducanal® trays whilst maintaining the electrical continuity, according to standard UNE-EN 61537. It has a press-fit assembly system. Made of steel and available in various sizes and Protection Systems.

Advantages

Press-fit click system requiring no additional parts.

The ends have an overlap to improve the fit with straight lids.

Available in various protection systems: PG, GC, BK8, AZ+ and stainless steel AISI 304 and AISI 316L.

Applications

It is used for the protection of wiring in the installation of Pemsaband® One perforée et pleine tray installations where the 90 ° Click fit bend is used for installations in public buildings, infrastructures and civil works, tertiary sector and industrial applications.
