# Metatray insulating cover ( Ref: 82003668 )

## Description

Cover in insulating material. Width 500 mm, Length of 3 metres. Grey RAL 7035 colour for the protection of Metatray perforated and solid insulating trays. Provides mechanical protection and watertightness. Configure the tray as a protective trunking.

## Advantages

Cable tray cover (insulating protective trunking ( according to EN 50085

Aenor N mark on product standards EN 61537 and EN 50085. CE compliance with directive 2014/35/EU.

Optimal fit of the cover on the insulating trays, giving them great protection.

Provides IP2X or IP4X protection grade and Impact Grade 20 J (EN 61537) or IK10 (EN50085)

Snap fit installation without any fixings.

## Applications

Suitable for the protection of Metatray insulating trays in the routing of cables in electrical and telecommunications installations in different sectors, from wastewater treatment plants to the chemical and petrochemical industry, establishing itself as a highly corrosion-resistant solution that meets the most demanding standards. Its application is also ideal in other different sectors: service, telecommunications, electric mobility through vehicle charging stations, etc.
