TCM Nut

Description

Nickel-plated brass nut with metric or PG thread for connecting conduits, connectors and metal cable glands.

Advantages

Compatible with metric or PG metal threaded cable glands for all ranges of rigid and flexible conduits.

Working temperature: -45°C to + 150°C.

CE conformity to the 2014/35 directive and the EN IEC 61386 standard.

Made of nickel-plated brass.

Applications

Suitable for connection of threaded fittings of all ranges of rigid, flexible and metal conduits and metal cable glands for the management of electrical cables in building and industrial applications.
